Q1: Which company has the highest annual profit per employee?

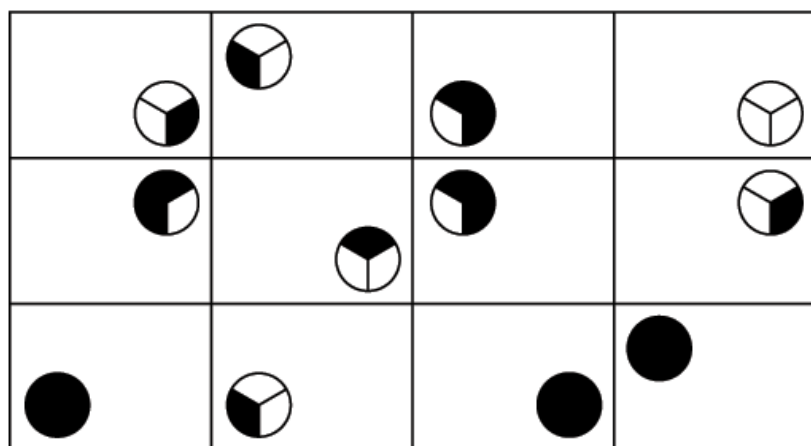

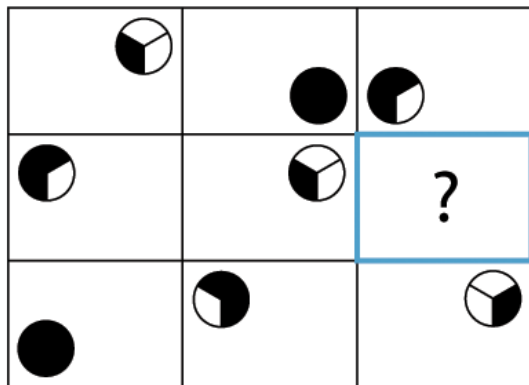

| Company | Company Annual Profit (£) | Cost to Buy Company (£) | Number of Employees |
|---------|---------------------------|-------------------------|---------------------|
| A | 20,000 | 18,000 | 5 |
| B | 26,000 | 25,000 | 8 |
| C | 21,000 | 20,000 | 8 |
| D | 30,000 | 30,000 | 18 |

Answer:

This question is rather straightforward, simply divide the profits of each company by the number of employees each company has.

You will find the **correct answer is Company A.**

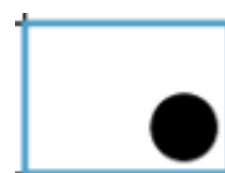

Q2: Which figure completes the sequence?

Answer:

From left to right, the circle moves one place clockwise around the box each time. This pattern continues onto the next row. Each row and column also contain each variation of the three different shaded circles.

Therefore, the correct answer is:

Q3: Financial incentives had no part to play in the development of the gun.

According to the passage, is this statement: **True, False or Cannot Say?**

Ever since the gun's invention it has been changing the world in many different ways. Many of the developments in gun design have been brought about by man's desire to protect himself, and the challenge of inventing bigger and more accurate weapons.

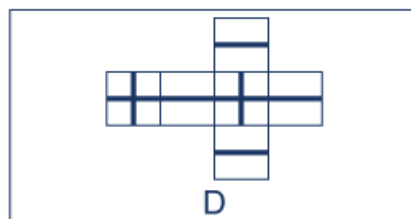

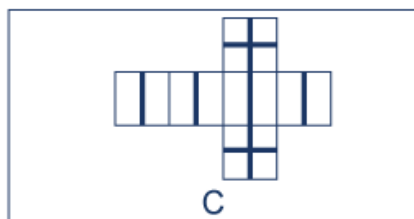

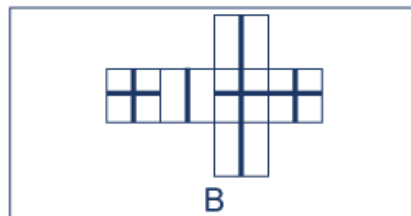

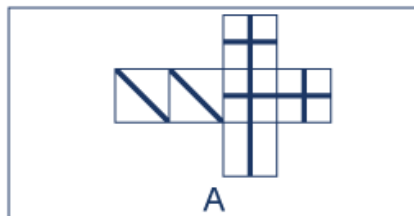

Each time there has been a major innovation in the development of the gun, there has been a profound effect on the world. The gun helped in the exploration of the world, it has also helped in the development of society as we know it.

Answer:

The passage does not mention financial incentives or economic gain, so we cannot tell from information in the passage alone.

So, the **correct answer is Cannot Say.**

Q4: Which net can be folded to form the given shape?

Answer:

This question requires some mental gymnastics, with the **correct answer being option C.**
